World's Most Powerful, Most Useful Hand Tool

The Vise-Grip is actually a portable vise, clamp, adjustable end-wrench, pipe-wrench, super-pliers, and toggle-press—all in one light trim handy tool.

Powerful "Double Lever" Action Locks Jaws with Ton-Grip

Vise-Grip is the Only Wrench that will:

1. Exert more than a ton of pressure between its strong alloy steel jaws with the grip of one hand.
2. LOCK to the work with a grip that will not slip—and remain locked with the hands removed.

This powerful locked grip is the result of Vise-Grip's exclusive "Double Lever" action. Instead of the usual handle-leverage (as with pliers) Vise-Grip provides DOUBLE LEVERAGE, the main lever working against a special toggle-arm.

WISE-GRIP WRENCH

Recognized by mechanics everywhere as the **WORLD'S GREATEST HAND TOOL.**

HERE IS WHY

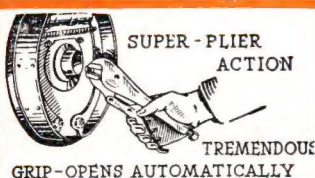

Its gripping power is tremendous—easily exceeding a ton

It locks to the work and stays locked with the hands removed.

It adjusts to super plier action.

THE BEST THERE IS IN A HAND TOOL

will do more things easier, quicker than any other tool.

When adjusted for plier action the Vise-Grip becomes a tremendously powerful pliers—many times more powerful than ordinary pliers. The Vise-Grip adjusts exactly to the size of the work, stays adjusted and opens automatically when grasp is released ready to take a new hold.

The Vise-Grip locks to the work at any angle and stays locked with the hands removed—Don't call another man to hold parts in position, bolts from turning, etc.—USE THE VISE-GRIP. It is a perfect lock-on handle for star drills, chisels, screw drivers, files, hacksaw blades, etc.

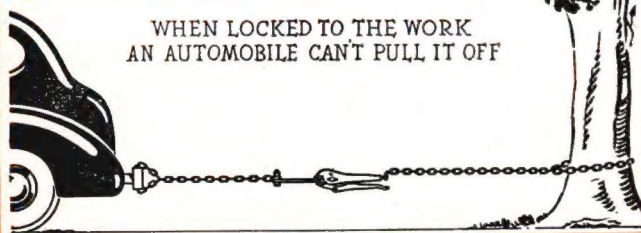

HEAVY FORMING, TWISTING, BENDING, CRIMPING, ETC.

Because of its tremendous gripping power the Vise-Grip will do all manner of heavy forming, twisting, bending, crimping, etc. It is actually a portable toggle press.

CLOSE QUARTERS ANY ANGLE

NEVER SLIPS—NO LOST MOTION

The Vise-Grip works in close quarters at any angle. Has no lost motion, holds anything, any shape—and DOES NOT SLIP. On battered nuts, cap screws, broken studs, etc., the Vise-Grip will do the job when all else has failed.

It is a Genuine Thrill to Use the Vise-Grip—So Light, So Trim, So Powerful and So Completely Effective

WISE-GRIP IS TRULY THE CLASSIC IN HAND TOOLS

MATERIALS—FINISH

Vise-Grip is built of high quality alloy steels. Scientifically hardened and tempered for the utmost in strength and durability. Absolutely guaranteed against defects in material and workmanship.

The finish is zinc plate—a durable corrosion resisting finish with plenty of eye appeal for the critical buyer.
